

Jackie Journey, youngest of the five Journey siblings has her own story in Jackie Draws a Straight, book five of the Journey family series. Jackie is a bit of a spoiled brat. Although she studied nursing, her secret goal is to find the right husband and start a family. Dr. Pete Kaminsky, new to Sonora, knows from the beginning of their relationship that he wants Jackie for his wife, but has to learn to deal with Jackie's brattiness and her need to be spanked. Learning how to spank for punishment is a new experience for Pete, but he's willing to take on the challenge. Having seen the loving domestic discipline between her older brother Ace, and his young wife Gabriella, Jackie knows she needs that kind of discipline and Pete is the guy she wants to do it. But when Pete finds out she's been keeping an important secret from him, there's only one way to resolve the problem.
