

With detailed, informative instructions for capturing personable and memorable yearbook photos, actor and model portfolios, and business, bridal, and children's portraits, this exhaustive reference covers what photographers need to know to be successful. Emphasizing that the client is always the center of the photograph, this resource illustrates how to evaluate the customer to determine which features to downplay and which to accent. Tips for creating the perfect image through posing and lighting, handling the post-shot conference, and previewing and retouching the images are supplied, as well as guidance for the technical and emotional challenges of shooting a portrait. Packed with step-by-step images, no-nonsense techniques, and practical advice, this is a must-have book for professional and advanced amateur photographers.
