This study deals chronologically with Merlins appropriations by many differing ideologies, including political, religious, psychological, and technological. Chapters deal with the medieval origins, the Renaissance, and the 18th and 19th centuries. Multiple Merlins are considered in the 20th century chapters, including T.H. White, Twain, Lewis, Cooper, Tolkien, Norton, Stewart, and LeGuin. The study concludes that even more than his rival magician Faust, with whom he is contrasted in the final chapter, Merlin speaks to our age.
