

Many people are not aware of the very real health dangers caused by Head Lice and the commonly accepted Head Lice treatments that are commercially available. It struck me as quite strange that there was not more useful information on alternative all-natural methods for getting rid of these nasty pests. Anyone who has children (like myself), who come in regular contact with other children, knows that head lice can easily reach epidemic proportions in schools and at home. Head lice are going to happen; it's just a fact of modern life. I felt that we all needed a guide for dealing with lice that contained in-depth information, in a simple and easy to read format. And, No More Head Lice! was born. The health and welfare of our children demands that we find natural, chemical free solutions to such common problems as lice infestation. Why subject your children or yourself to the chemicals in over the counter and prescription treatments for head lice. You already have the ingredients at home, so why not use them? In this book you will find out: How to identify the problem The symptoms and signs of head lice infestation The complications of head lice infestation In-depth information about commercial treatments How to get rid of lice from your home Step by step instructions for all-natural homemade remedies Get your copy of the book now, and try some of these all-natural methods. You just might be surprised how truly effective they are! I hope this book helps you as much as it has helped me!

Canterbury Pieces & Cambridge Pieces, Mistress of the Vatican, Dr. Zismors Skin Care Book, Blue Frogs (Johns Colorful World), Locomotives of the World (Illustrated Encyclopedia), The Life Cycle of a Raccoon, Unto the Right Honourable, the Lords of Council and Session, the petition of Helen Dunmore relict of Hugh Brown merchant in Glasgow, and of Robert Brown their infant-son, ..., Treasure Island (Broadview Editions), America the Beautiful [With 4 Paperback Books],
