

From the New York Times bestselling author of Rumor Has It and the Lucky Harbor series comes the story of a woman whose world is turned upside down by one night's torrid fling... Veterinary intern Emily can't believe she wound up in the small town of Sunshine, Idaho, instead of the Los Angeles clinic she had always imagined. Now she has to put her plans to move to L.A. on hold for a whole year while she fulfills the obligation of her vet school scholarship. Then Wyatt, her gorgeous one-night stand from a Reno vet conference, introduces himself as her new boss. And Emily is just as drawn to his seductive looks and quiet strength as she was on that very steamy night. She soon learns that Wyatt isn't just a laid-back doctor, but a delicious alpha male tempting her away from her carefully laid-out plans...
